ABOUT
ALLIANT ACADEMY

WHO WE ARE

Alongside marks, grades, and stereotypes, we help you to be remarkable. Alliant Academy is a flock of dynamic minds, educating students in the vast spheres of competitive examinations that include JEE (Mains+Advanced), NEET (UG - Medical), NDA, and Olympiads (KVPY, NTSE, etc). We help students develop themselves into the massive forces of intellectual wealth, scientific aptitude, mathematical coherence, discipline, and self-belief.

WHAT WE AIM FOR

Through bold presentations of logic and concepts, end-to-end student and parent involvements, and diverse connections across human hearts, we aspire to connect relentlessly helping ambitious minds achieve the summits of excellence in Pre-Engineering, Pre-Medical, and Pre-Defense entrance examinations.

HOW WE STARTED

Alliant Academy's unstoppable might of nurturing knowledge and experiences had started early in 2017 when our team was on the tapestry of consolidation and students at Hazaribag needed a coaching platform not too far away from their home - small yet highly effective, faculties with the might to act beyond assumptions, and a forceful yet devoted environment that helps them advance in academia. Today, we're at the crossroads of eminence and stardom, a dream that shall unfold with the footprints of time.

MISSION

To bring inspiration and imagination to every student around us.
We believe in simplifying complex gaps between students and academia. Along the way, we've assimilated a blend of experiences that have helped us revamp our approach towards upholding the legacy of competitive coaching at the right time, through the right approach, and towards the right people.

From Director's Desk

Dear Parents & Learners,

"A NEW JOURNEY IS TO BE STARTED. A NEW PROMISE IS TO BE FULFILLED AND A NEW PAGE IS TO BE WRITTEN."

I represent a community where learning and growth are at the heart of everything we commit and do. Eight years on, this young institution has been advancing massively with phenomenal results of students so far. With compelling scores in JEE (Mains & Advanced) and NEET (UG-Medical) held this year, our strivers have registered momentous footprints for themselves. These academic hallmarks are a true testimony of merit and supremacy over a steady flow of time. Today, they are ready to pursue engineering and medical courses from the finest classrooms in the country and live a life that's much more secure

Our lecturers have been instrumental in conducting regular offline classroom sessions with a relentless focus on learning. Regular tracking, doubt clearances, engaging assignments, and end-to-end monitoring are some of the core practices that my team and I have been bringing to fruition.

We've been mastering this art of integrated learning while preparing ourselves for the start of the fresh session with the upcoming batches to begin shortly. Being at this eminent institution is an unfolding opportunity for you. We are a team of modern-day thinkers, planners, collaborators, and decision-makers who work devotedly to help you succeed.

We'll change you, we'll transform you, and you just might change the world.

Teaching Methodology

Over the years, Alliant has developed a highly effective teaching methodology[a], which has produced astonishing results year after year. This teaching methodology is

1. Uniform and highly standardised
2. Evolved and Tested
3. Comprehensive and well planned
4. Regularly monitored and updated

Subjects Covered[b]
Physics, Chemistry, Maths /
Biology for NEET/JEE

Class Duration[c]
1 Class of 90 minutes

Class Frequency
3-6 Classes Per Subject
Per Week

Regular Classes
Faculty Lectures,
Class Notes

Study Material - Board[d]
Board Work Sheets,
Board Sheets

Study Material - Competition
Daily Practice Problems (DPPs),
Practice Sheets

Books[e]
NCERT Books, Some
Standard Books

Periodic Testing
Part/Cumulative Syllabus Testing
on Board / Competition Pattern
(Once in 1-2 weeks)

Doubt Removal Classes
Regularly held as per Academic
need of the students

Revision Planning
Revision Planner, Major Tests,
Open Tests etc.

COURSES OFFERED

Pre-Engineering

(For classes 11th to 12th Pass)

JEE Main

Until 2018, the CBSE conducted the Joint Entrance Examination (JEE) Main, but since 2019, it has been managed by the National Testing Agency (NTA). JEE Main is held in multiple sessions (January, April) each year for admission to NITs, IIITs and other engineering colleges across India. The top 2 lakh candidates in JEE Main are eligible for JEE Advanced, which is crucial for admission to IITs. Therefore, thorough preparation for JEE Main is essential for aspirants aiming for top engineering institutes.

JEE Advanced

Students who crack JEE (Advanced) are able to join the undergraduate program in engineering, architecture and sciences at all IITs and ISM Dhanbad according to their All India Rank (AIR) in the exam.

Pre-Medical

(For Class 11th to 12th Pass)

NEET

The National Eligibility Entrance Test (NEET), previously AIPMT, is the entrance exam for MBBS and BDS programs in India. Conducted by the National Testing Agency (NTA), it is held offline in 13 languages. NTA handles the exam, result declaration, and provides the All India Rank to the Directorate General Health Services for counseling and to state authorities for further counseling.

Alliant Foundation

(For Classes 5th to 10th)

Alliant's Foundation prepares students (5th to 10th grade) for competitive exams and Olympiads, focusing on IQ, math, science, reasoning, and problem-solving skills. Our programs help students succeed in school exams and national/international Olympiads like PRMO, IMO, and KVPY. We build a strong academic foundation and nurture each student's potential for success in both academics and competitive exams.

VVM VIDYARTHI VIGYAN MANTHAN (VVM) is a national program by VIBHA, NCERT, and NCSM to promote science and identify students with scientific aptitude in grades VI to IX.

IJSO The International Junior Science Olympiad (IJSO) is a global competition for secondary school students, focusing equally on Physics, Chemistry, Biology, and Mathematics.

PRMO PRMO is a 2.5-hour exam with 30 questions, answered on a machine-readable OMR sheet.
